Our experience in 2018

¿what to do?

Interinstitutional Committee for Water Quality – CICA

CICA - member institutions

Secretaría del
Agua

Ministerio
de **Salud Pública**

Ministerio
del **Ambiente**

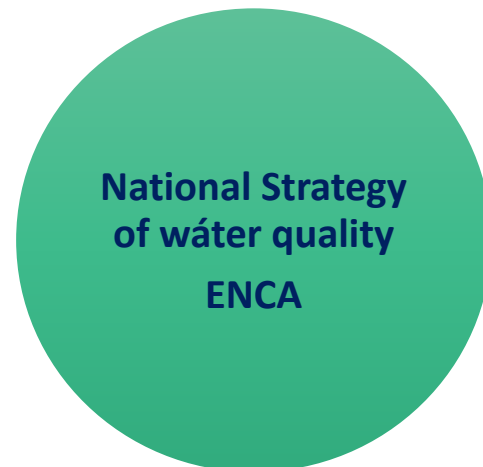

Agencia de
**Regulación y
Control del Agua**

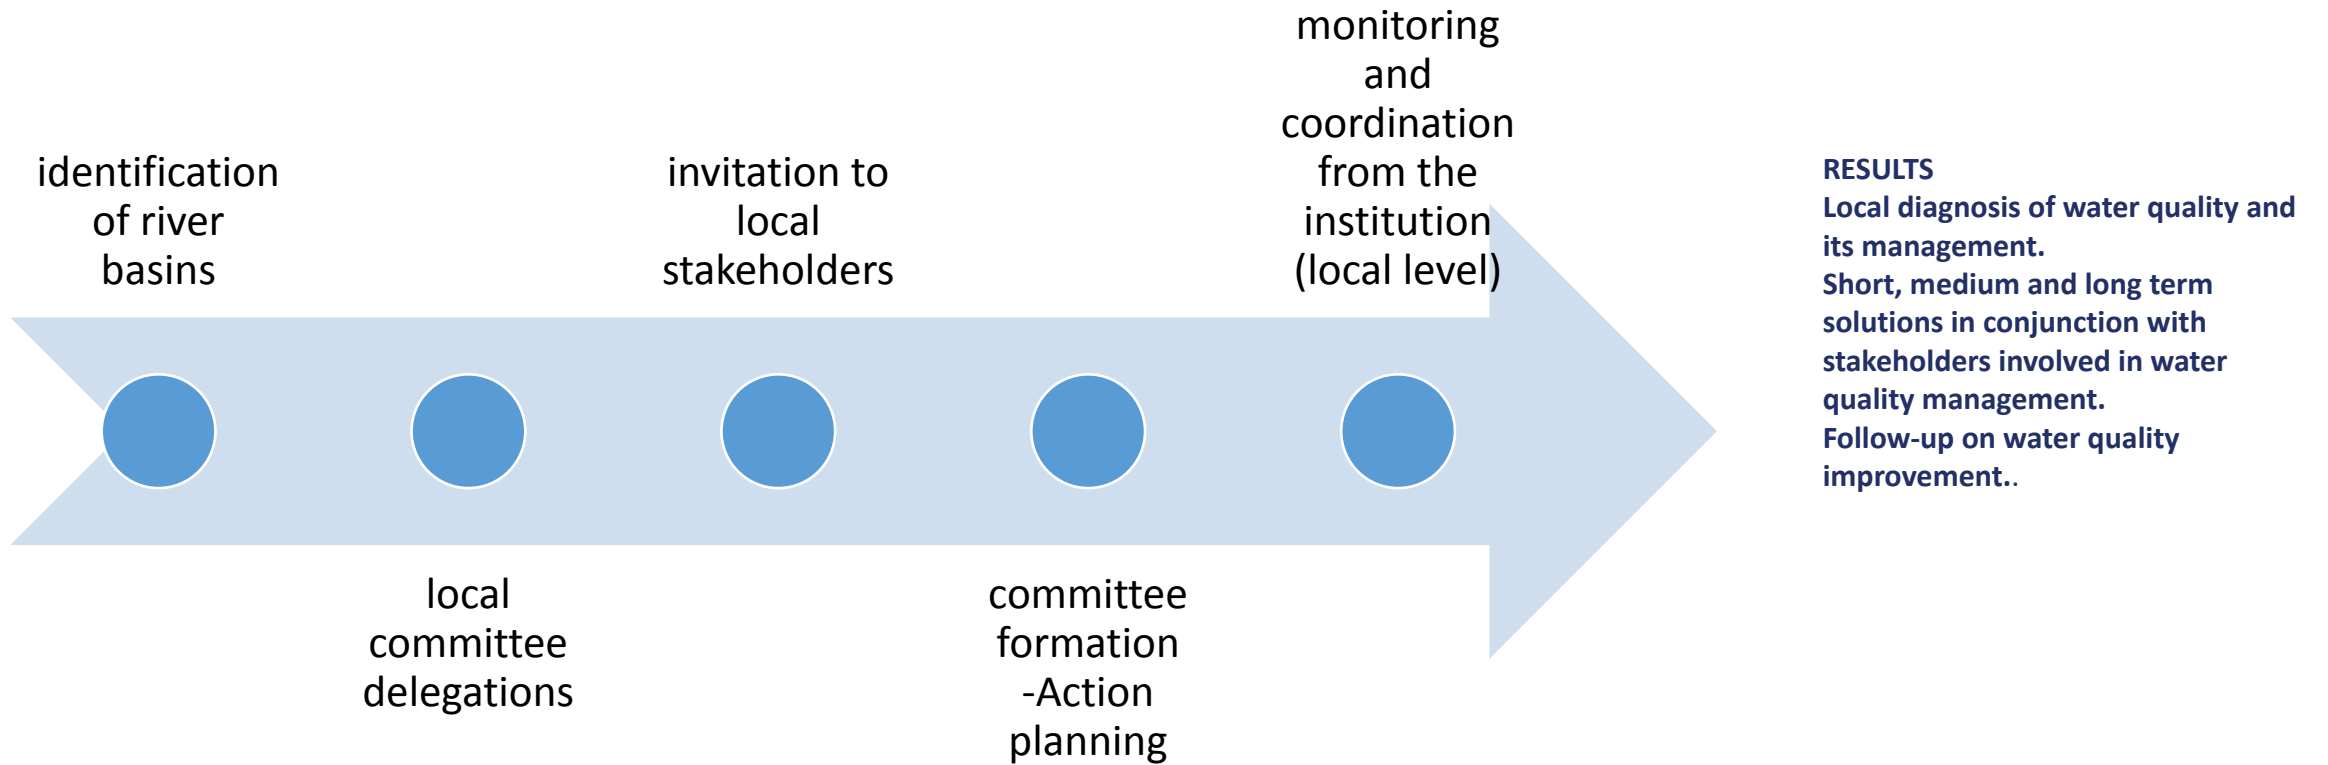

Agencia Nacional
de **Regulación, Control
y Vigilancia Sanitaria**

Water Quality Management

National Strategy of wáter quality - ENCA

Formation of the committee for Water Quality

objectives

- Coordinate and articulate inter-institutional actions for pollution control, protection, conservation, and integrated management of water resource management at the local level.
- Implementation of the ENCA in the national territory.

progress

- More than 10 Water Quality Technical Committees have been formed at the national level.

local stakeholders

- Representatives of CICA member governmental entities at regional/local level
- Decentralized Autonomous Governments
- Water Users
- Drinking water and sanitation service providers
- Community representatives
- Academy representatives

Protection and conservation of water and its ecosystems

Hydric Protection AreasHydric Important Zones

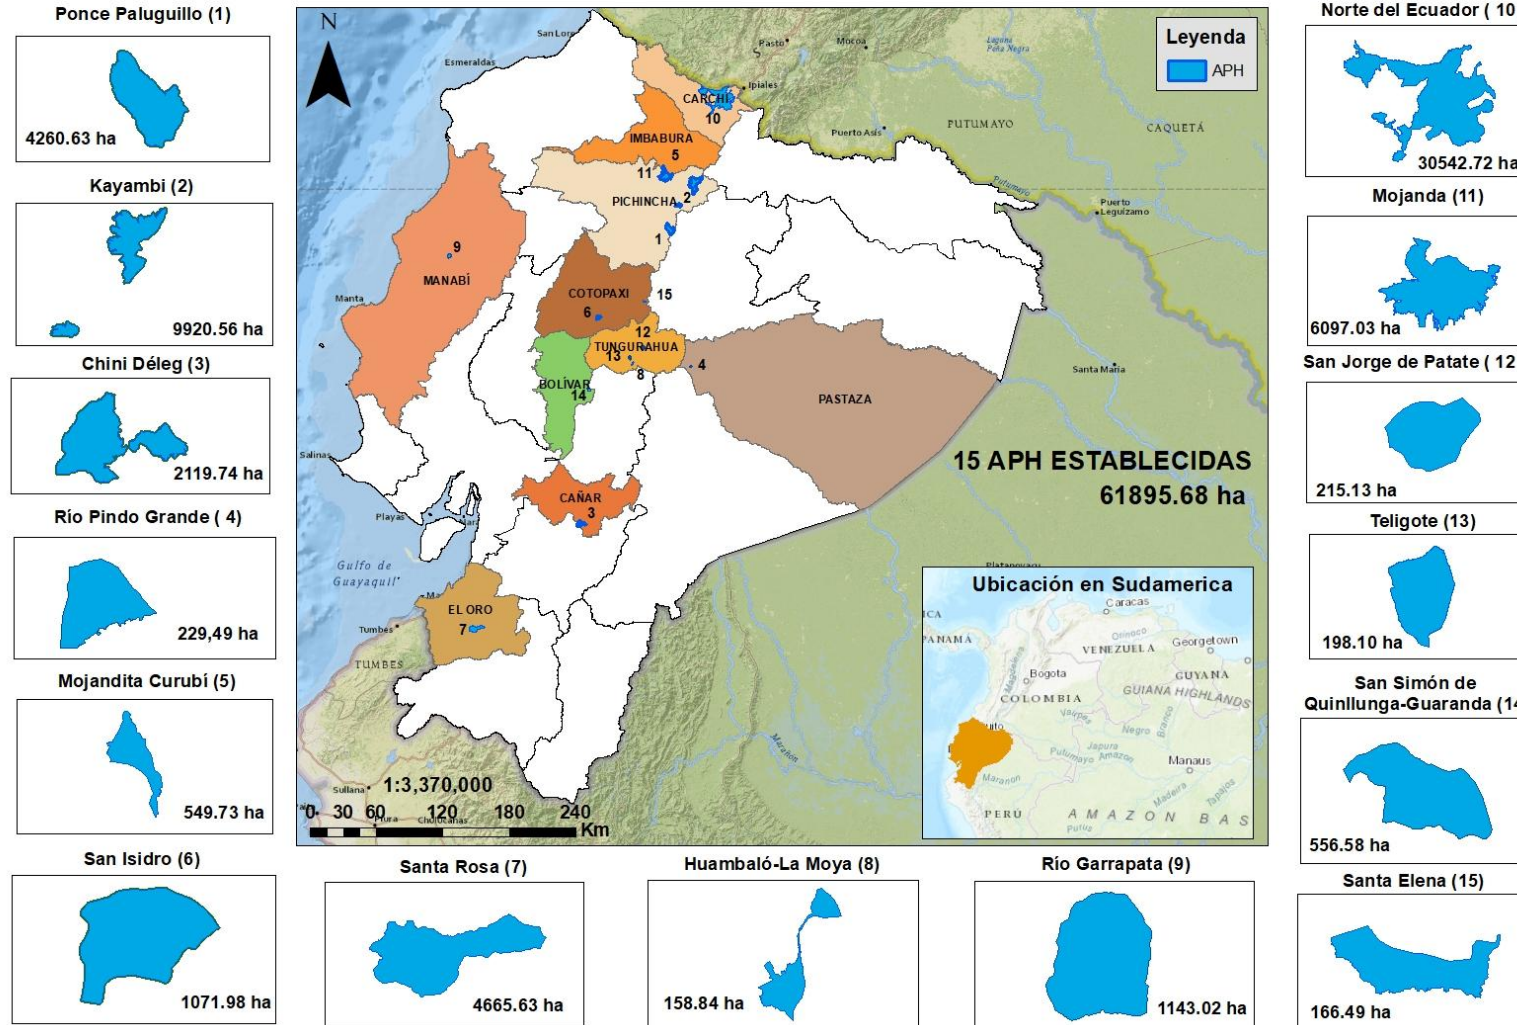

restriction zones to protect groundwater

Protection areas of water and its ecosystems

Áreas de Protección Hídrica (APH) establecidas a nivel nacional

Ministerio del Ambiente, Agua y Transición Ecológica
