**Tuesday 27<sup>th</sup> September 2012**  
**International Yellow River Forum**

# Caricature of Cecil Rhodes and its project of a « British Africa » from Cape Town to Cairo

# An artist's rendition of the Grand Millennium Dam/Renaissance Dam (under construction)

An artist's rendition of the location where the Millennium Dam is being built between Lebeyat (left) and Neqor (right) mountains on a one-kilometre stretch of land in Benishangul-gumuz Regional State. Of the total 15 turbines the completed hydropower project is to contain, two are to be operational in 44 months to generate 700MW of electricity.

# Senegal river basin
