Call for new projects
Appel à contributions

Join the initiative
100 WATER & CLIMATE PROJECTS FOR AFRICA!

Climate change & water security issues in Africa
Climate change, desertification, stress on land in the regions most vulnerable to climate change and its impacts. They pose a serious threat to its water security and associated food and energy security.

A dire need to step-up action!
Launched at the 1st edition of the "Blue Planet Summit" (12 Dec. 2017, Paris), this initiative aims to support the development of 100 water and climate projects in Africa over 5 years. It provides early stage technical assistance to project holders for the preparation of their concept notes to facilitate access to donors and climate funds.

Already 20 incubated projects in 38 countries!
The initiative includes 20 incubated projects covering 38 African countries, with commitments from the World Bank, the French Water Agencies and the French Development Agency (AFD) focusing on the following themes:

- KNOWLEDGE:** innovative water information systems, recording, alert system
- GOVERNANCE AND SUSTAINABLE FINANCIAL MECHANISMS:** institutional capacity building, training, emergency of sectoral policies, impact & vulnerability studies, disaster prevention action plans...
- NATURE-BASED SOLUTIONS:** ecosystem services, aquatic environment & wetland restoration

Submit your project proposal
Express your interest to finance projects

Co-funded by the European Union, the French Water Agencies, the French Development Agency (AFD), the World Bank, the African Union, the United Nations, the United Nations Environment Programme, the United Nations Women, the United Nations Children's Fund, the United Nations Population Fund, the United Nations Development Programme, the United Nations Office for Women's Empowerment, the United Nations Office for the Least Developed Countries, the United Nations Office for the New Agenda for Africa's Development, the United Nations Office for the Least Developed Countries, the United Nations Office for the New Agenda for Africa's Development, the United Nations Office for the Least Developed Countries, the United Nations Office for the New Agenda for Africa's Development.

Join the initiative
EXAMPLES OF PROJECTS

Adaptation to climate change in the Nile river basin

Adaptation to climate change in the Senegal river basin

Strengthening the National Water Information System

Congo transboundary river basin
Nature-based Solutions & satellite technologies for climate change adaptation

Save the Date

29 October 2020, 13:00- 15:00 CET

The 5th AfriAlliance Innovation Bridge Event

Hosted online by the
21st WaterNet Symposium

Opportunities include:

- Pitching and demonstrating innovations
- Interactive discussions with potential collaborators, funders and investors from a range of sectors
- Participate in discussions on fostering and enabling social innovation uptake in Africa

Register now using both
QR codes below:

Find out more here: <https://afrialliance.org/events/afrialliance-5th-innovation-bridge-event>

AfriAlliance has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement no 689162.

18th Europe-INBO International Conference

(special online edition)

FIWARE
4 WATER

OFB
OFFICE FRANÇAIS
DE LA BIODIVERSITÉ

Monday 9th November

9h30 – 10h30

Official opening:

- Finnish Europe-INBO Presidency
- Maltese Europe-INBO Presidency
- Communication of the DG - Environment on European hot topics

10h30 – 14h30

Online interactive workshop: "New green architecture for the CAP: stakes and solutions: How to reconcile agricultural and water policies ?"

15h30 – 16h30

Online interactive workshop: European co-funded partnership "WATER4ALL – Water Security For the Planet"

Tuesday 10th November

9h30 – 11h30

Webinar: "City-basin dialogue: INBO/IWA Handbook on basin-connected cities"

12h00 – 14h00

World liaison bureau meeting
(members only)

14h30 – 16h30

Webinar: *FIWARE4Water*
"Innovative data and internet applications for water management"
